

CAUTION! DRY ICE WARNING & Cake Instructions

Dear Customer,

Your food item ships frozen with **dry ice**. **The dry ice may** have already evaporated during shipping. This is normal. **Please take care not to touch any remaining dry ice with bare hands.**

Dry ice requires careful handling. Please follow our instructions, when handling dry ice.

Each perishable item leaves our facility frozen, packed in an insulated foam box with dry ice, and will arrive to your doorstep in a partially frozen to thawed state. When you receive your shipment, remove the items and either refrigerate or freeze. To remove your food item, please follow the instructions.

- ⚠ **Do not touch dry ice without gloves**
- ⚠ **Do not touch to skin, eyes or mouth**
- ⚠ **Do not eat**
- ⚠ **Do not put in drinks**
- ⚠ **Do not inhale**
- ⚠ **Keep away from children**

OPENING INSTRUCTIONS:

1. Carefully remove the dry ice packaging with gloves ON and place on top of the Styrofoam lid.
2. Remove the food item and immediately place in the freezer or refrigerator. Will keep in freezer up to one month.
3. To dispose of the dry ice, place the dry ice packaging inside the Styrofoam box with the lid off in a well-ventilated area. The dry ice will evaporate.

CAKE SERVING INSTRUCTIONS:

Immediately upon receiving, place in frig or freezer. For Serving, remove cellophane and paper cake collar around cake and place on serving plate. You may thaw in refrigerator overnight, or place on serving plate outside of refrigerator 3 to 6 hours prior to serving.
